Mumbai: ICICI Bank today announced that it has enabled millions of its savings account customers to pay and manage dues of credit cards of any bank instantly using the Bank's mobile application 'iMobile Pay'. The customers can add credit cards of any bank to the app within a few seconds and thereafter pay and manage their dues from the same app. It offers improved convenience to customers, who typically use multiple credit cards, by providing them a one-stop solution for managing all their cards with ease, in a safe and secure manner.

The new feature also eliminates the hassle of visiting numerous websites by customers to manage or pay dues of multiple cards. Additionally, customers can set bill payment reminders, view payment history of all cards, share payment confirmation through WhatsApp, and manage and change due dates as per the billing cycle of their cards.

This new feature on the Bank's state-of-the-art mobile banking app is a testimony of this endeavour. With a large section of customers using multiple cards for their various needs, this new solution aims to help them decongest the process of their credit card bill payments. It offers them the convenience of a one-stop payment solution for all their credit cards on one platform, and saves them the hassle of juggling between multiple portals for payments."
