GENERATE DEBIT CARD PIN
WHAT IS A PIN?

A PIN is a unique 4-digit number, which ensures that all cash withdrawals, POS transactions and online transactions made with your Debit Card are secure.
To generate your Debit Card PIN, visit www.icicibank.com
Log in to Internet Banking with your **user ID and password**
or using **mobile number and OTP**
If you cannot remember your user ID, you may do the following...
Your user ID is provided in the welcome kit given to you at the time of opening your account.
Call our Customer Care and authenticate yourself using your **16-digit card number and 4-digit PIN**
Give a missed call on
09223011114
to receive an instant callback
If you wish to generate your Internet Banking user ID & password, click on the login page.
Click on **User ID** and follow the instructions.
If you forgot password, click on **Get password** and follow the instructions.
Once you have logged in to Internet Banking with user ID & password, click on **Generate Card PIN** on the dashboard.
Next, click on **Generate Now** under **Debit Card PIN**

Now you can instantly generate your Debit / Credit Card PIN online. Please choose from the card options given below to generate your PIN now.
Select the account associated with your Debit Card
Next, select the **Debit Card** for which a PIN needs to be generated.
Then, enter the **CVV number**
Your CVV number is the 3-digit code on the reverse side of your Debit Card, next to your signature.
Enter the **OTP** sent to your registered mobile number.
This is the number you entered at the time of account creation
If you cannot remember your registered mobile number, please follow these steps
Visit your nearest ICICI Bank ATM

➢ Insert your Debit Card & enter your PIN

➢ Select More Options

➢ Select Register Your Mobile

➢ Enter your desired Mobile Number

Your mobile number will be updated in 1 working day
You can also visit your nearest ICICI Bank branch along with your original Photo ID proof.

Your mobile number will be updated in 2 working days.
Once you’ve entered the OTP you received, click **Submit**
Next, enter your new **Debit Card PIN**
Then, **re-enter the PIN** to confirm and click on **Generate Now**
Please follow the **Notes**
