When you enter **User ID and registered mobile number**, click on ‘Go’.
You will receive URN/OTP on your registered mobile number through SMS.

Dear Customer, Xxxxxx is OTP to generate Internet Banking Password. OTPs are SECRET. DO NOT disclose it to anyone. Bank NEVER asks for OTP.
Next, to generate your password, enter your **Unique Reference Number (URN)/OTP**, received on your registered mobile number and click on ‘Go’. 
Enter your **new password**
Kindly follow the instructions provided in the **Notes section**

**Generate Password**

You are 1 step away to generate your password

<table>
<thead>
<tr>
<th>Step 1</th>
<th>User ID</th>
</tr>
</thead>
<tbody>
<tr>
<td>Step 2</td>
<td>New Password:</td>
</tr>
</tbody>
</table>

**Notes:**
- The Password cannot consist of all the characters as are in your User ID. For e.g. If your User ID is IND1234 then your password cannot be IND123#1.1.
- Password should be a mix of alphabets with a minimum of 1 upper case letter [A-Z], numerals and special characters ($@&%_+*) without any space in between.
- The password length should be between 8 to 20 characters.
- New password cannot be the same as any of the last four login passwords.
Re-enter the password to confirm and click on **Go**
Your password is generated successfully.
If you have not registered your mobile number, please follow these steps:
Visit your nearest ICICI Bank ATM.

- Insert your Debit Card and enter your PIN
- Select ‘More Options’
- Select ‘Register your mobile’
- Enter your desired mobile number

Your mobile number will be updated in 1 working day
You can also visit your nearest ICICI Bank branch along with your original **Photo ID proof**.

Your mobile number will be updated in 2 working days.
Terms and Conditions apply.
