Date: 05082012 Authorised Signatory _____
For ICICI Bank Limited Subject to Verification

8. Face Value: Specify the face value of the security from the physical certificate.

9. Type of Securities: Put a tick against the box for Equity/Debenture/Others depending on the type of securities being submitted for dematerialisation.

10. Details of Securities: The details of certificates such as the folio no., certificate no., & distinctive no. must be filled up correctly on the DRF. Attach an annexure of the same format if there are more details than can be specified in the space provided. The combination and the order of holders' names on DRF and as printed on the Certificates should be identical with that in the DP account. This is subject to two exceptions :

- The name on the demat account and that on the certificate are different merely on account of initials not being spelt out fully or put after or prior to the surname.

- The combination of holders on the demat account and that on the certificate are the same and the difference is only in the order in which the names of the holders appear at the two places. Here, you have to submit a Transposition Request Form also along with the DRF.

You must deface the certificates by putting a stamp or by writing "SURRENDERED FOR DEMATERIALIZATION". However defacing should be done only after checking the eligibility of security, as defaced securities cannot be sold in physical form. If defacing has been done by mistake then you should send the same to registrar for replacement.

Ensure that the certificates are attached in the same order as mentioned in the DRF.

11. Total No. of certificates surrendered: Specify the total no. of certificates surrendered. In case of an option letter, this is to be specified as 1.

12. Locked Shares: Put a tick against the box for 'Yes' if the shares are under lock-in, i.e., there are restrictions on their disposal before a specified date. Use a separate DRF for certificates under lock-in.

13. Lock-in Release Date: Specify the date on which the lock-in is getting released, i.e., restrictions on disposal of the securities are off. Use separate DRFs for securities with different lock-in release dates.

14. Lock-in reason: Specify the reason for the lock-in. Amongst lock-in securities belonging to the same ISIN but having different lock-in reason, use separate DRFs.

15. Signature: The holders should sign in the order of their names in the account. The signature should match with the specimen signature with the Registrar (If you have a doubt on this, you can get the signature on the DRF attested by your banker) as well as with ICICI Bank (If the signature differs from that with ICICI Bank, you should sign the DRF in the presence of the Branch Officer). Authenticate all alterations on the form with your full signature.

16. Acknowledgement: Fill up the acknowledgement portion of the form also. Take the tear-off portion of the first copy (Registrar copy) on submission as an acknowledgement.

The shares and DRF are sent to the registrar who then confirms the request for credit in the demat account. The normal time taken for credit is about 30 days which can vary from Registrar to Registrar.

Submit a completely filled up Demat Request Form (DRF) in triplicate for each ISIN along with defaced physical securities.

- DP-ID:** Specify your DPID here.
- Account No.:** Specify your account no. here
- Date:** Specify the date of submitting the DRF.
- Physical Certificates/Option letter Surrendered:** Put a tick against the box for 'Physical Certificates surrendered' if you are submitting defaced physical certificates. Put a tick against the box for 'Option letter surrendered' if you are submitting an option letter.

The option letter is sent to you by the Registrar when you lodged the shares for transfer in your name along with a transfer-cum-demat request. Ensure that the time limit mentioned in the option letter is not expired.
- Account Holder Name:** Specify the name of the holders in their order in the demat account.
- Quantity of Securities to be Dematerialised (in figures and in words):** Specify the quantity in figures and in words. Mention the no. of shares/debentures/etc represented by the surrendered certificates.
- Name of the Security:** Specify the name of the security to be dematerialised from the physical certificate. Ensure that security is eligible for Demat from www.icicibank.com/Branch. Use a separate DRF for each security having a unique ISIN. However, securities for the same ISIN with the same pattern of holders but under different folio nos. can be dematerialised with a single DRF.
