

Cheque Collection Policy

Introduction

The policy is based on principles of transparency and fairness in the treatment of customers. The Bank is committed to increased use of technology to provide quick collection services and convenience to its customers. This policy document covers the following aspects:

- Collection of cheques and other instruments payable locally, at centres within India and abroad.
- The Bank's commitment regarding time norms for collection of instruments.
- Policy on payment of interest in cases where the bank fails to meet time norms for realisation of proceeds of outstation instruments.
- The Bank's policy on dealing with collection instruments lost in transit.

1. Local cheques

All cheques and other negotiable instruments payable locally will be presented through the clearing system prevailing at the center. Cheques deposited at branch counters and in collection boxes within the branch premises before the specified cut-off time will be presented for clearing on the same day. Cheques deposited after the cut-off time and in collection boxes outside the branch premises including off-site Automated Teller Machines will be presented in the next clearing cycle. As a policy, the Bank will give credit to the customer account on the same day in which the clearing settlement takes place. Withdrawal of amounts so credited would be permitted as per the cheque return schedule of the clearing house.

Bank branches situated at centers where no clearing house exists, would present local cheques on drawee banks across the counter and it would be the Bank's endeavor to credit the proceeds at the earliest.

To enhance the efficiency of the paper based clearing system, the Cheque Truncation System (CTS) was implemented in the National Capital Region (NCR). Since July 2008, all the member banks of the New Delhi Bankers' Clearing House are participating in the CTS. To encourage complete migration of cheques in the NCR of Delhi to CTS, the processing charges in respect of cheques presented in CTS were waived till June 2009. With the complete migration of cheque clearing to CTS, the separate paper based clearing, has been discontinued from July 2009. CTS

grid has been implemented at three locations; Delhi, Chennai and Mumbai. The clearing of various cities has been linked to the CTS grid at these three locations. Reserve Bank of India will continue to issue directions to include clearing of additional cities to the three grid locations.

Cheque return charges shall be levied only in cases where the customer is at fault and is responsible for such returns. The illustrative list of reasons for returns, where the customers are not at fault is attached as Annexure 1.

Cheques that need to be re-presented without any recourse to the payee, will be made in the immediate next presentation clearing not later than 24 hours (excluding holidays) with due notification to the customers of such re-presentation through SMS alert. Under grid-based CTS clearing, all cheques drawn on bank branches falling in the grid jurisdiction will be treated and cleared as local cheques.

Clearing for Non-CTS cheques:

From January 1, 2014, residual non-CTS 2010 instruments (including postdated cheque (PDC) and equated monthly installment (EMI) cheques) for locations that have been migrated to the CTS grid will be presented in a separate clearing session at the CTS centres. This separate clearing session will operate once a week (every Monday) from November 1, 2014 onwards. If the identified day for clearing non-CTS-2010 instruments falls on a holiday under the Negotiable Instruments Act, 1881, presentation session on such occasions will be conducted on the previous working day.

Upon the commencement of special session for non-CTS-2010 standard instruments, banks will return the non-CTS-2010 instruments, if any, presented in the regular CTS clearing, under the reason code "37-Present in proper zone".

Customers should make note of the above guideline while depositing the cheque as the non-CTS 2010 instruments will be credited/debited to accounts as per the schedule mentioned above.

Timing for acceptance

Cheques would be accepted during business hours of the Bank branch. Alternatively, cheques can be deposited at ATM centers round the clock, wherever collector boxes are installed.

Collection timings for local cheques drawn on other banks (local clearing)

The cut-off time for sending cheques for collection would be worked out for each location/ branch based on cut-off time afforded by clearinghouse at each location. The cut-off timings would be displayed at branches/ATM for customers.

Collection timings for local cheques drawn on own branches of bank (transfer cheques):

- Cheques deposited across the counter: Same working day
- Cheques deposited in Branch/ATM drop box: As per the cut off timings of the respective drop box
- Cheques collected by Doorstep Banking agency from customer's location: Next working day.

2. Outstation cheques

Bank's as a part of their normal banking operations, undertake collection of cheques deposited by their customers, some of which could also be drawn on non-local bank branches. Such cheques are called Outstation Cheques. Cheques drawn on other banks at outstation centers will normally be collected through Bank's branches at those centers. Where the Bank does not have a branch of its own, the instrument would be directly sent for collection to the drawee bank or collected through correspondent bank.

Cheques drawn on Bank's own branches at outstation centers will be collected using the inter-branch arrangements in vogue. Branches, which are connected through a centralized, processing arrangement and are offering anywhere banking services to its customer will provide same day credit to its customers in respect of outstation instruments drawn on any of its branches in the Core Banking Solution network.

The definition of outstation cheques excludes demand drafts, banker cheques, IPAY, I-multipay instruments, interest warrants, dividend warrants drawn on Bank itself. Outstation cheque charges would be applicable only for inter-grid cheques under CTS clearing.

3. Speed Clearing

In order to facilitate faster collection of outstation cheques, the Reserve Bank of India started a special clearing called "Speed Clearing" by leveraging the core-banking-solutions (CBS) implemented in banks.

Speed clearing refers to collection of outstation cheques through the local clearing. It facilitates

collection of cheques drawn on outstation core-banking-enabled branches of banks, if they have a networked branch locally.

“Speed Clearing” is currently available in centres specified by RBI. Under “Speed Clearing” system, cheques payable at any CBS branches of any banks of any centres is realised through local clearing and not through outstation collection.

Outstation cheque collection through collection basis takes around one to three week’s time depending on the drawee centre. Under Speed Clearing, it would be realised as per the clearing cycle of the location.

Further, customers need not incur any service charge for collection of outstation cheques (value up to ₹ 1 lakh) in Speed Clearing, which they may have to incur if such cheques are collected under outstation cheque clearing.

Presenting branches are currently permitted to levy charges at a rate not exceeding ₹ 150 per cheque (inclusive of all charges other than Service Tax) for cheques of above ₹ 1 lakh presented through Speed Clearing.

4. Policy on collection of foreign cheques/instruments

Timing for acceptance of cheques

Foreign currency cheques/instruments would be accepted during business hours of the Bank branch.

Arrangements for collection

Cheques payable at foreign centres will be collected (realised) using services of correspondent banks. Cheques drawn on foreign banks at centres where the Bank does not have cheque collection arrangement with its correspondent banks will be sent directly to the drawee bank for collection with instructions to credit proceeds to the respective nostro account of the bank maintained with one of the correspondent banks. The cheque collection would be conducted within following parameters:

- Instruments with value greater than the limits mentioned below will be accepted for processing, to ensure that the charges are always lower than the value of the cheque/instrument. For currencies not mentioned herein, the limits applicable will be USD equivalent. These limits can be reviewed and modified by Bank.

Currency Code	FCC Currency	Account Type	
		Savings	Current
USD	US Dollar	10	50
GBP	Great Britain Pound	10	50
AUD	Australian Dollar	10	100
CAD	Canadian Dollar	10	100
EUR	Euro	10	100
SGD	Singapore Dollar	10	100
CHF	Swiss Franc	100	100
KWD	Kuwaiti Dinar	100	100
OMR	Omani Riyal	100	100
NZD	New Zealand Dollar	100	100
JPY	Japanese Yen	10,000	10,000
Others	Other than above	500	500

- The mode of collection for foreign currency cheques/instruments will depend on the currency, drawee location and the amount of the instrument and would be informed to customer.
- The date of credit to account will be reckoned considering the value date of credit to Nostro account or credit to the nostro account plus applicable cooling period.
- The exchange rate prevailing on the day of processing will be applied to the customer's transaction.
- The charges applicable would depend on the mode of collection under which the cheque/instrument is sent for collection and as mentioned in Schedule of Charges duly updated in our website and with Branches.

Modes of collection for Foreign Currency Cheques and time frame for credit

- i) Cash Letter arrangement: Under this arrangement, multiple cheques are attached as part of a "Cash Letter" and sent to the correspondent bank for clearing. The correspondent bank offers provisional credit in ICICI bank's nostro account held with it and it is subject to

return at a later date. To mitigate the risk of return, ICICI bank passes on the credit to the customer after observing a cooling period 8 days for cheques upto 350 currency units and 15 days for cheques above 350 currency units and value date the credit with the date on which the provisional credit been received in the Bank's nostro account, thereby being eligible for interest. The cooling period commences from the day the cheque is lodged by the central processing centre with our correspondent bank. The cooling period may be reviewed and modified by the bank and would be notified to the customers in advance with 30 days notice.

Cheques drawn in the following currencies and countries below a particular threshold (as specified and renewed from time to time) are sent for realisation under this arrangement. The current threshold limits are 10,000 currency units.

USD in USA
GBP in UK
EURO in EU
AUD in Australia
SGD in Singapore
CAD in Canada

Provisional credit on sighting of funds in Nostro

For cheques sent under Cash Letter Arrangement, the Bank may at its discretion, extend credit on sighting funds in Bank's nostro account.

Branches of the Bank will extend such provisional credit for foreign currency cheques/instruments subject to the Bank's parameters on customer's relationship size, vintage of the account and satisfactory track record in respect to cheque returns.

- ii) Cheques sent under final collection service arrangement: This arrangement is available only for cheques/instruments beyond a threshold (that could be reviewed from time-to-time) and drawn on USD & GBP where the payable location is situated in USA and UK respectively. The current threshold limits are USD 10,000 and GBP 10,000. For USD cheques drawn on New York, Philadelphia and Pennsylvania, the confirmed credit is provided to ICICI Bank after 6 international working days from the date of receipt of cheque in the US. For other states the credit is received after 15 international working days from the day the cheque is received by the correspondent bank in US. For GBP cheques/instruments the credit is received after 15 international working days from the

time the cheque is received by the correspondent bank in UK. The transit time between receipt of such cheques from branch and the corresponding Bank is approximately 3-4 days.

'International Working days' excludes Saturdays, Sundays any public or declared holidays in USA, UK and India.

- iii) Cheques sent under pure collection basis: Any cheque/instrument that does not qualify to be sent under any of the afore-mentioned arrangements are sent for collection to the drawee bank. Credit in such cases is given when the Bank realises the same. Though, there is no definite time period for collection of such cheques, as per our analysis it takes approximately 30 - 40 days for realizing the credit depending on the country on which the cheque is drawn.

For currencies where ICICI Bank does not have nostro arrangements, the funds would be received in our USD nostro for subsequent conversion to INR. Currently, ICICI Bank has nostro arrangement for cheque collection in the following currencies:

AED, AUD, CAD, CHF, DKK, EUR, GBP, HKD, JPY, NOK, NZD, QAR, SEK, SGD, USD, ZAR.

The Bank reserves the right to send the cheques/instruments under any of the above arrangements depending on the threshold limit and correspondent banking arrangement.

For current account holders, credit for foreign currency cheques will be extended on the date the credit is sighted in the Bank's Nostro account based on the mode of collection.

Charges applicable for foreign currency cheques

The charges levied for foreign currency cheques depend on the mode of collection for such cheques. The charge schedule is available at the Bank's branches and duly updated on the Bank's website. For foreign currency cheques sent on collection, correspondent bank charges and courier charges as incurred will be additionally levied, wherever applicable.

In all the above scenarios, in case of any returns, the applicable return charges charged by the correspondent bank, courier charges and any other applicable charges, borne by ICICI Bank, would be debited from the account in which the cheque has been deposited. The charges would be as approved by the concerned Business Head from time to time based on cost of operations, market practice, etc.

Instant credit of foreign currency cheques/instruments

The Bank may, at its discretion, provide instant credit for foreign currency cheques/instruments tendered for collection at the specific request of the individual customers, which meet all of the following criteria with respect to the cheque/instrument and the account.

- i) The upper limit of such instant credit would be USD 300 or equivalent.
- ii) Instant credit would be offered only for cheque/instrument denominated in USD, GBP, EURO, AUD, SGD, CAD currencies.
- iii) Minimum vintage of account should be at least 1 year from the date of account activation.
- iv) No cheque returns issued by the customer in the account in the last 12 months.
- v) The account status should not be "Inactive" or "Dormant".
- vi) This facility will not be given to overdraft/loan account.
- vii) No earlier "immediate credit" should be outstanding for collection or returned unpaid.

The Bank would levy nominal charges for this facility.

In case of subsequent return of such instruments, the amount of the cheque along with all relevant charges would be recovered by debit to customers' account on the day of receipt of the return instrument or intimation of return.

The policy of instant credit would be reviewed annually considering the amount of losses, frauds, customer issues, etc.

Compensation for delayed credit

For cheques/instruments sent on collection basis, the Bank will value date the collection once the proceeds have been credited to the Nostro account of the Bank with its correspondent bank.

In case of delay beyond the date when the amount is due for credit, compensation is payable for any adverse movement of exchange rate.

In case of delay beyond the date when the amount is due for credit, interest will be paid to the customer. For delay upto 14 days interest will be paid at Savings Bank rate and where the delay is beyond 14 days interest will be paid at the rate applicable to for term deposit for the respective

period. In case of extraordinary delay, i.e. delays exceeding 90 days interest will be paid at the rate of 2% above the corresponding Term Deposit rate.

Instruments lost in transit/in clearing process or at paying bank's branch

In the event the Bank is notified of an instrument being lost in transit or during collection, the Bank shall notify the account holder. The Bank will also provide necessary assistance to the customer to obtain a duplicate instrument.

For cheques lost prior to receipt by the correspondent, the Bank will bear the stop payment charges on customer producing the relevant document. Compensation for Foreign currency cheques would be applicable only if the Bank or its correspondent bank loses the cheque. The compensation in such cases would be as follows:

- In case intimation regarding loss of instrument is conveyed to the customer beyond the time limit stipulated for collection, interest will be paid for the period exceeding the stipulated collection period at the rates specified above.
- In addition, the Bank will pay interest on the amount of the cheque for a further period of 15 days at savings bank rate to provide for likely further delay in obtaining duplicate cheque/instrument and collection thereof.
- The Bank would also compensate the customer for any reasonable charges he/she incurs in getting duplicate cheque/instrument upon production of receipt, in the event the instrument is to be obtained from a bank/ institution that would charge a fee for issue of duplicate instrument.

Return of foreign currency cheque/instrument

If the instrument sent for collection is returned unpaid at any time for any reason whatsoever including but not limited to "insufficient funds", "account closed", "fraudulent cheque" etc., the returning and other applicable charges would be recovered from the account in which the cheque has been deposited along with the value of the instrument if already credited.

Similarly, if any instrument for which immediate credit has been afforded or provisional credit given is returned unpaid, ICICI Bank will recover from the account the amount so credited together with other charges, if any, at the prevailing exchange rate along with applicable interest rates as may be decided by ICICI Bank.

The customer instructing the Bank to perform services shall be bound by and liable to indemnify the Bank against all obligations and responsibilities imposed by foreign laws and usages.

Customers depositing cheques drawn on foreign centers are expected to be aware of usage/practices and laws related to cheques collection prevailing in drawee countries.

The cheques sent for collection by the collecting bank can be returned by the Banks located in any foreign country (after their presentation in clearing/collection) due to fraud/financial reasons. The fraudulent cheques can be returned by the banks in foreign countries at any time after their presentation.

In case of returned cheques, no protection is available to the collecting bank. Since the foreign bank recovers the amount of returned cheques earlier credited into account of collecting bank by debiting its nostro account, the collecting bank will not be able to provide any compensation to the depositor for cheques returned on fraud/financial reasons.

Further, the Bank has right to recover the proceeds of the cheques credited in depositor's account (at the ruling exchange rate equivalent to foreign currency amount debited by foreign bank to the nostro account of the collecting bank) along with the interest from the date of credit of proceeds till the date on which amount is recovered.

The various articles as detailed in the International Chamber of Commerce, Uniform rules for collection (ICC-522) will be applicable for collection of cheques.
