To customers holding Quantum Optima Facility

Changes in date for FD opened under Quantum Optima facility

We refer to the **Quantum Optima (QO) Facility** available on your bank account. Through this facility, all balances above the threshold limit are automatically opened as Fixed Deposits (FDs) on every Saturday based on end of day balance.

As you would be aware, the second and the fourth Saturday of every month has been declared as public holiday by the Reserve Bank of India. In view of the same, we are rescheduling automatic opening of FDs under QO facility from Saturday to Tuesday with effect from February 29, 2016.

For any clarification or more information regarding this matter, you can call our Customer Care or visit your nearest ICICI Bank branch. We will be happy to assist you.
