July 18, 2012.

Foreign Accounts Tax Compliance Act ('FATCA') Provisions:

Foreign Accounts Tax Compliance Act ('FATCA') is a United States ("US") law aimed at prevention of tax evasion by US citizen and residents ("US Persons") through use of offshore accounts. FATCA was enacted under the Hiring Incentives to Restore Employment ("HIRE") Act of 2010 to prevent tax evasion by US persons through Foreign Financial Institutions (FFIs).

SEBI vide its circular dated June 30, 2014 has informed that the Government of India and the United States of America (US) have reached an agreement in substance on the terms of an Inter – Governmental Agreement (IGA) to implement FATCA and India is now treated as having an IGA w.e.f April 11, 2014.

Trusts that are used as fund vehicles can be entities for US federal income tax purposes, and are FFIs under FATCA. Each Mutual Fund in India is considered as an "investment entity" under FATCA and thereby treated as an FFI for FATCA purposes. Hence, the Mutual Fund would be required to perform due diligence on new and existing investors and reporting in accordance with the IGA. Enhancement of due diligence processes by the FFIs is required by FATCA so that FFIs can identify US reportable accounts.

For complying with the FATCA provisions, JM Financial Mutual Fund (the "Mutual Fund")/JM Financial Asset Management Limited (the "AMC") will be required to undertake due diligence process and identify US reportable accounts. The Mutual Fund/AMC shall i) collect such information/documentary evidences of the US and/or non-US status of its investors/unitholders and disclose such information (through its agents or service providers) as far as may be legally permitted about the holdings, investment returns; ii) levy withholding tax on payments made to investors who fail to provide the information and/or documentation required under FATCA; iii) report information pertaining to reportable accounts to the US Internal Revenue Service and/or such other Indian and Foreign authorities as may be specified under FATCA and/or applicable laws; iv) carry out such other activities as prescribed under FATCA rules as amended from time to time.

FATCA due diligence will be directed at each investor/unit holder (including joint investor) and on being identified as a reportable person/specified US person, all the folios will be reported. For folios with joint holders, the entire account value of the investment portfolio will be attributable under each reportable person. In case of closure of an account or folio, addition of a new holder to the folio or address change or any other change in circumstances, the investors are required to immediately intimate the Mutual Fund/AMC, as they may likely trigger the impact under FATCA. The impact of FATCA is relevant not only at the time of on-boarding of investors but also throughout the life cycle of the investor account or folio.

An investor/unit holder is therefore required to comply with the request of the Mutual Fund/AMC to furnish such information as and when sought by the AMC so as to comply with the reporting requirements stated in IGA and circulars issued by SEBI/AMFI in this regard. The information disclosed may include (but is not limited to) the identity of the investors and their direct or indirect beneficiaries, beneficial owners and controlling persons. The Mutual Fund/AMC reserves the right to reject any application or compulsorily redeem the units held directly or beneficially in case the investor/unit holder fails to furnish the necessary information and/or documentation or is found to be holding units in contravention of the FATCA provisions. Hence, the investors are requested to note that FATCA is mandatory.

Investors/unit holders are requested to consult their own tax advisors regarding the FATCA requirements with respect to their own situation.

The Trustee/AMC reserves the right to change the provisions mentioned above at a later date.

IV. INVESTMENT VALUATION NORMS FOR SECURITIES AND OTHER ASSETS

The assets of the Scheme will be valued based on the following valuation norms.

Principles of Fair Valuation

Mutual fund shall value its investments in accordance with the following overarching principles so as to ensure fair treatment to all investors including existing investors as well as investors seeking to purchase or redeem units of mutual funds in all schemes at all points of time:

- (a) The valuation of investments shall be based on the principles of fair valuation i.e. valuation shall be reflective of the realizable value of the securities/assets. The valuation shall be done in good faith and in true and fair manner through appropriate valuation policies and procedures.
- (b) The policies and procedures approved by the Board of the asset management company shall identify the methodologies that will be used for valuing each type of securities/assets held by the mutual fund schemes. Investment in new type of securities/assets by the mutual fund scheme shall be made only after establishment of the valuation methodologies for such securities with the approval of the Board of the asset management company.
- (c) The assets held by the mutual funds shall be consistently valued according to the policies and procedures. The policies and procedures shall describe the process to deal with exceptional events where market quotations are no longer reliable for a particular security.
- (d) The asset management company shall provide for the periodic review of the valuation policies and procedures to ensure the appropriateness and accuracy of the methodologies used and its effective implementation in valuing the securities/assets. The Board of Trustee and the Board of asset management company shall be updated of these developments at appropriate intervals. The valuation policies and procedures shall be regularly reviewed (at least once in a Financial Year) by an independent auditor to seek to ensure their continued appropriateness.
- (e) The valuation policies and procedures approved by the Board of asset management company should seek to address conflict of interest.
- (f) Disclosure of the valuation policy and procedures (with regard to valuation of each category of securities/assets where the scheme will invest, situation where these methods will be used, process and methodology and impact of implementation of these methods, if any) approved by the Board of the asset management company shall be made in Statement of Additional Information, on the website of the asset management company /mutual fund and at any other place where the Board may specify to ensure transparency of valuation norms to be adopted by asset management company.
- (g) The responsibility of true and fairness of valuation and correct NAV shall be of the asset management company, irrespective of disclosure of the approved valuation policies and procedures i.e. if the established policies and procedures of valuation do not result in fair/ appropriate valuation, the asset management company shall deviate from the established policies and procedures in order to value the assets/ securities at fair value:

Provided that any deviation from the disclosed valuation policy and procedures may be allowed with appropriate reporting to Board of Trustees and the Board of the asset management company and appropriate disclosures to investors.

- (h) The asset management company shall have policies and procedures to detect and prevent incorrect valuation.
- (i) Documentation of rationale for valuation including inter scheme transfers shall be maintained and preserved by the asset management company as per regulation 50 of these regulations to enable audit trail.
- (j) In order to have fairness in the valuation of debt and money market securities, the asset management company shall take in to consideration prices of trades of same security or similar security reported at all available public platform.

In addition to the above, a mutual fund may value its investments according to the following Valuation Guidelines. In case of any conflict between the Principles of Fair Valuation as detailed above and Valuation Guidelines issued by the Board hereunder or elsewhere, the Principles of Fair Valuation detailed above shall prevail.

Valuation Guidelines

NAV of a scheme as determined by dividing the net assets of the scheme by the number of outstanding units on the valuation date.

1. Traded Securities:

- (i) The securities shall be valued at the last quoted closing price on the stock exchange.
- (ii) When the securities are traded on more than one recognised stock exchange, the securities shall be valued at the last quoted closing price on the stock exchange where the security is principally traded. It would be left to the asset management company to select the appropriate stock exchange, but the reasons for the selection should be recorded in writing. There should, however, be no objection for all scrips being valued at the prices quoted on the stock exchange where a majority in value of the investments are principally traded.
- (iii) Once a stock exchange has been selected for valuation of a particular security, reasons for change of the exchange shall be recorded in writing by the asset management company.
- (iv) When on a particular valuation day, a security has not been traded on the selected stock exchange, the value at which it is traded on another stock exchange may be used.
- (v) When a security is not traded on any stock exchange on a particular valuation day, the value at which it was traded on the selected stock exchange or any other stock exchange, as the case may be, on the earliest previous day may be used provided such date is not more than thirty days prior to the valuation date.

2. Non-traded Securities:

- (i) When a security is not traded on any stock exchange for a period of thirty days prior to the valuation date, the scrip must be treated as a 'non-traded' scrip.
- (ii) Non-traded securities shall be valued "in-good faith" by the asset management company on the basis of appropriate valuation methods based on the principles approved by the Board of the asset management company. For example, non traded debt and money market securities of short term maturities, as may be specified by the Board from time to time, may be valued on amortization basis provided that such valuation shall be reflective of the fair value of the securities and all investors are treated fairly. Such decision of the Board must be documented in the Board minutes and the supporting data in respect of each security so valued must be preserved. The methods used to arrive at values "in-good faith" shall be periodically reviewed by the trustees and reported upon by the auditors as "fair and reasonable" in their report on the annual accounts of the fund. For the purpose of valuation of non-traded securities, the following principles should be adopted:—
 - (a) equity instruments shall generally be valued on the basis of capitalization of earnings solely or in combination with the net asset value, using for the purposes of capitalization, the price or earnings ratios of comparable traded securities and with an appropriate discount for lower liquidity;
 - (b) debt instruments shall generally be valued on a yield to maturity basis, the capitalization factor being determined for comparable traded securities and with an appropriate discount for lower liquidity;
 - (c) while investments in call money, bills purchased under rediscounting scheme and short-term deposits with banks shall be valued at cost plus accrual; other money market instruments shall be valued at the yield at which they are currently traded. For this purpose, non-traded instruments that is instruments not traded for a period of seven days will be valued at cost plus interest accrued till the beginning of the day plus the difference between the redemption value and cost spread uniformly over the remaining maturity period of the instruments;
 - (cc) Government securities will be valued at yield to maturity based on the prevailing market rate;
 - (d) in respect of convertible debentures and bonds, the non-convertible and convertible components shall be valued separately. The non-convertible component should be valued on the same basis as would be applicable to a debt instrument. The convertible component should be valued on the same basis as would be applicable to an equity instrument. If, after conversion the resultant equity instrument would be traded pari passu with an existing instrument which is traded, the value of the latter instrument can be adopted after an appropriate discount of the

non-tradability of the instrument during the period preceding the conversion while valuing such instruments, the fact whether the conversion is optional should also be factored in;

- (e) in respect of warrants to subscribe for shares attached to instruments, the warrants can be valued at the value of the share which would be obtained on exercise of the warrant as reduced by the amount which would be payable on exercise of the warrant. A discount similar to the discount to be determined in respect of convertible debentures [as referred to in sub-paragraph (d) above] must be deducted to account for the period which must elapse before the warrant can be exercised;
- (f) where instruments have been bought on 'repo' basis, the instrument must be valued at the resale price after deduction of applicable interest upto date of resale. Where an instrument has been sold on a 'repo' basis, adjustment must be made for the difference between the repurchase price (after deduction of applicable interest upto date of repurchase) and the value of the instrument. If the repurchase price exceeds the value, the depreciation must be provided for and if the repurchase price is lower than the value, credit must be taken for the appreciation.

3. Until they are traded, the value of the "rights" shares should be calculated as:

$$Vr = n/m \times (Pex - Pof)$$

Where

Vr = Value of rights

n = No. of rights offered

m = No. of original shares held

Pex = Ex-rights price

Pof = Rights Offer Price

Where the rights are not treated pari passu with the existing shares, suitable adjustment should be made to the value of rights. Where it is decided not to subscribe for the rights but to renounce them and renunciations are being traded, the rights can be valued at the renunciation value.

3A. Value of Gold: (1) the gold held by a gold exchange traded fund scheme shall be valued at the AM fixing price of London Bullion Market Association (LBMA) in US dollars per troy ounce for gold having a fineness of 995.0 parts per thousand, subject to the following:

- (a) adjustment for conversion to metric measure as per standard conversion rates;
- (b) adjustment for conversion of US dollars into Indian rupees as per the RBI reference rate declared by the Foreign Exchange Dealers Association of India (FEDAI); and
- (c) Addition of-
 - (i) transportation and other charges that may be normally incurred in bringing such gold from London to the place where it is actually stored on behalf of the mutual fund; and
 - (ii) notional customs duty and other applicable taxes and levies that may be normally incurred to bring the gold from the London to the place where it is actually stored on behalf of the mutual fund;

Provided that the adjustment under clause (c) above may be made on the basis of a notional premium that is usually charged for delivery of gold to the place where it is stored on behalf of the mutual fund;

Provided further that where the gold held by a gold exchange traded fund scheme has a greater fineness, the relevant LBMA prices of AM fixing shall be taken as the reference price under this sub-paragraph.

(2) If the gold acquired by the gold exchange traded fund scheme is not in the form of standard bars, it shall be assayed and converted into standard bars which comply with the good delivery norms of the LBMA and thereafter valued in terms of sub-paragraph (1).

- 4. All expenses and incomes accrued upto the valuation date shall be considered for computation of net asset value. For this purpose, while major expenses like management fees and other periodic expenses should be accrued on a day-to-day basis, other minor expenses and income need not be so accrued, provided the non-accrual does not affect the NAV calculations by more than 1%.
- 5. Any changes in securities and in the number of units be recorded in the books not later than the first valuation date following the date of transaction. If this is not possible given the frequency of the Net Asset Value disclosure, the recording may be delayed upto a period of seven days following the date of the transaction, provided that as a result of the non-recording, the Net Asset Value calculations shall not be affected by more than 1%.
- 6. In case the Net Asset Value of a scheme differs by more than 1%, due to non-recording of the transactions, the investors or scheme/s as the case may be, shall be paid the difference in amount as follows :—
 - (i) If the investors are allotted units at a price higher than Net Asset Value or are given a price lower than Net Asset Value at the

time of sale of their units, they shall be paid the difference in amount by the scheme.

- (ii) If the investors are charged lower Net Asset Value at the time of purchase of their units or are given higher Net Asset Value at the time of sale of their units, asset management company shall pay the difference in amount to the scheme. The asset management company may recover the difference from the investors.
7. Thinly traded securities as defined in the guidelines shall be valued in the manner as specified in the guidelines issued by the Board.
8. The aggregate value of illiquid securities as defined in the guidelines shall not exceed 15 per cent of the total assets of the scheme and any illiquid securities held above 15 per cent of the total assets shall be valued in the manner as specified in the guidelines issued by Board.

The NAVs of the Units of the Plans will be computed by dividing the net assets of the Plan by the number of Units outstanding on the valuation date. The Fund shall value its investments according to the valuation norms, as specified in Schedule VIII of the Regulations, or such norms as may be prescribed by SEBI from time to time. The broad valuation norms are detailed above. These norms are indicated based on the current Regulations and the guidelines/instructions issued by SEBI.

SUMMARY OF ACCOUNTING POLICIES AND STANDARDS

The financial statements are prepared on the accrual basis of accounting, under the historical cost convention, as modified for investments, which are ‘marked-to-market’. The significant accounting policies, which are in accordance with the SEBI Regulations and have been approved by the Boards of Directors of the AMC and the Trustee, are stated below.

1) INVESTMENTS

a. Accounting for Investments

- Purchase and sale of securities are recognised on trade date i.e. on the date of transaction. Where transaction take place outside the stock market i.e. through private placement or private treaty, the same gets accounted on the date on which the Scheme obtains enforceable obligation to pay/collect the proceed.
- The cost of investments includes all costs incurred in acquiring the investments and incidental to acquisition of investments e.g. brokerage, transaction costs, CCIL charges and any other charges customarily included in the broker’s note. Capitalisation of such brokerage and transaction costs incurred for the purpose of execution of trades is restricted to 12 bps in case of cash market transactions and 5 bps in case of derivative transactions. Any cost in excess of the specified limit is charged to the revenue account of the scheme as part of the total expense ratio.
- Rights entitlements are recognised as investments on the ex-rights date. Cost of Rights entitlement is considered at issue price plus premium paid, if any to acquire rights renunciation.
- Bonus entitlements are recognised on ex-bonus dates.

- Equity stock futures are marked to market on a daily basis. Debit or credit balance disclosed under other current assets or current liabilities respectively, in the “Mark to Market Margin – Receivable/ Payable Account”, which represents the net amount payable or receivable on the basis of movement in the prices of stock futures till the balance sheet date from the purchase date.
- In case of Options, premium paid is marked to market and the balance amount is treated as liability/asset till the time the position is expired/squared off.

b. Valuation of Investments

- All investments are valued based on the principles of fair valuation and have been valued in good faith in a true and fair manner.
- Traded (Quoted) :
 - o All quoted equity investments other than thinly traded investments are considered at closing market prices as at the valuation date on The National Stock Exchange Limited (the principal stock exchange). When on a particular valuation day, a security has not been traded on the principal stock exchange, the value at which it is traded on the Bombay Stock Exchange Limited (BSE) is used.
 - o Option / futures are valued at the settlement price on the stock exchange on which the same were contracted originally. In case, the settlement price is not available on valuation date on the respective stock exchange, closing price is considered for valuation. Futures contracts, which are going to expire on valuation date are valued at settlement price.
 - o All quoted debt investments with residual maturity greater than 60 days, are considered at aggregated average scrip level Valuation prices provided by CRISIL & ICRA for individual securities.
 - o Quoted equity investments which are not traded for a period of thirty days and quoted debt investments (other than Government Securities) which are not traded on any stock exchange on the valuation day are considered as “non-traded securities”.

- Non Traded Investments:

Non traded/unquoted/thinly traded investments are valued in “good faith”, by the Investment Manager, on the basis of the valuation principles laid down by SEBI as under:

- o Equity Investments

On the basis of capitalization of earnings in combination with net asset value, with an appropriate discount for illiquidity.

- o Debt Instruments (Investment Grade)

All non government debt securities with residual maturity less than or equal to 60 days, are valued on the basis of amortized cost based on transaction price, which includes discount / premium accrued on a straight line basis over the period to maturity as long as the valuation is within a $\pm 0.10\%$ band of the price derived as per the reference yields provided by the Rating Agencies (CRISIL and ICRA). In case the amortized value is outside the above band, the YTM of the security is adjusted to bring the price within the $\pm 0.10\%$ band applying fair valuation principles laid down by SEBI.

All unquoted debt investments with residual maturity greater than 60 days, are considered at aggregated average scrip level Valuation prices provided by CRISIL & ICRA for individual securities.

- o Debt Instruments (Non Investment Grade)

All non investment grade/ non performing debt securities are valued based on the provisioning norms laid down by SEBI.

- Government Securities:

All government securities are valued by taking the aggregated average prices released by CRISIL and ICRA, as suggested by AMFI, applying fair valuation principles laid down by SEBI.

- Treasury Bills:

All treasury bills and cash management bills with residual maturity greater than 60 days are valued by taking the aggregated average prices released by CRISIL and ICRA, as suggested by AMFI, applying fair valuation principles laid down by SEBI.

All treasury bills and cash management bills with residual maturity less than or equal to 60 days are valued on the basis of amortized cost based on transaction price, which includes discount / premium accrued on a straight line basis over the period to maturity as long as the valuation is within a $\pm 0.10\%$ band of the price derived as per the reference yields provided by the Rating Agencies (CRISIL and ICRA). In case the amortized value is outside the above band, the YTM of the security is adjusted to bring the price within the $\pm 0.10\%$ band applying fair valuation principles laid down by SEBI.

- Non-Performing Investment

An investment is regarded as non-performing, if the interest/principal due is outstanding for more than one quarter from the day such

income/installment has fallen due. For non-performing assets provisions are made as per guidelines prescribed by SEBI.

2) REVENUE RECOGNITION

- Dividend income is accrued on ex-dividend date. In case of unquoted, the same is recognized on the date of declaration.
- Interest income is recognised on an accrual basis.
- Profit or loss on sale of investments is arrived at by applying weighted average cost method.
- Provision is made against income accrued but not received for one quarter after the due date. In respect of such investments, income is recognised when it is realised.
- Unrealised gain / loss are recognized in Revenue Account. However, unrealised gain is excluded for calculating distributable income and same is carried to the Balance Sheet as Unrealised Appreciation Reserve.
- Collateral Borrowing and Lending Obligation (CBLO), charges are netted against the interest receipt.

3) INCOME EQUALISATION ACCOUNT & UNIT PREMIUM RESERVE

- I. In case of open-ended scheme, when units are purchased / sold by the Scheme at NAV, and;
 - In case, NAV is higher than face value, amount representing unrealised gains per unit is transferred to Unit Premium Reserve. The balance amount of the NAV after reducing the face value of unit is transferred to Income Equalisation Account.
 - In case NAV is less than face value, the difference between the NAV and face value is transferred to Income Equalisation Account.
 - The net balance in Income Equalisation Account is transferred to the Revenue Account at the year end.
- II. In case of close-ended Scheme, accounting for Income Equalisation is not required under SEBI (Mutual Funds) Regulations. The difference between face value and NAV of the units repurchased is credited/debited to Reserves.

4) UNIT CAPITAL

Unit capital represents the net outstanding units at the balance sheet date, thereby reflecting all transactions relating to the year ended on that date.

Upon issue and redemption of units, the net premium or discount to the face value of units is adjusted against the unit premium reserve of each Plan, after an appropriate portion of the issue proceeds and redemption payouts is credited / debited respectively to the equalization account, a mandatory requirement for open ended mutual fund schemes.

5) DETERMINATION OF NET ASSETS VALUE ('NAV')

The net asset values of the units are determined separately for the units issued under the Plans.

For reporting the net asset value within the portfolio, the Scheme's daily income earned, including realised profit or loss and unrealised gain or loss in the value of investments, and expenses accrued, are allocated to the related plans in proportion to their respective daily net assets arrived at by multiplying day-end outstanding units by previous day's closing NAV.

6) ENTRY/EXIT LOAD

Entry load charged at the time of purchase/sale of units was offset against distribution and marketing expenses viz: commission to agents and publicity expenses. Unutilised amount of load collected was carried forward to subsequent year unless the same was considered excess by the Trustees. Such excess amount was recognised as income.

No entry load is charged on fresh purchase applications received after 1st August, 2009.

Exit load (net of service tax) collected is recognized as income and credited to the scheme.

7) CASH AND CASH EQUIVALENT

Cash and cash equivalents include balances with banks in current accounts, deposits placed with scheduled banks (with an original maturity of up to three months) and collateralised lending (including reverse repurchase transactions).

- 4- Once the investor has done KYC as per the revised process with a SEBI registered intermediary, the investor need not undergo the same process again with another intermediary including mutual funds. However, the Mutual Fund reserves the right to carry out fresh KYC of the investor.
- 5- The AMC reserves the right to reject application forms for transactions in units of the Mutual Fund not accompanied by letter/ acknowledgement issued by KRA. The KYC compliance status will be validated with the records of the KRA before allotting units.

Once the investor has completed the KYC process as per the revised guidelines with a SEBI registered intermediary from any KRA, the investor need not undergo the same process again with another intermediary including Mutual Funds. However, the Mutual Fund reserves the right to carry out fresh KYC of the investor. The investor needs to produce a copy of the confirmation letter received from KRA when investing for the first time with a Mutual Fund for fresh investments or additional purchases in an existing folio as per the aforesaid requirements or till his KYC status is updated successfully as per the new revised KYC norms.

Existing KYC compliant investors of the Mutual Fund, who have completed the KYC process prior to January 01, 2012, can continue to invest in Mutual Fund schemes as per the current practice i.e. by submitting along with their Financial Transaction the KYC acknowledgement issued prior to January 01, 2012 by CVL on behalf of all Mutual Funds. These investors, in case they wish to deal with any SEBI registered intermediary other than mutual funds, will have to follow the new KYC procedure.

An existing investor can inform the Mutual Fund to update the KYC Acknowledgement against all the folios/accounts held by him with the respective Mutual Fund. However, each of the holders in these folios/accounts should be KYC Compliant. Applications Forms / Transaction Slips not accompanied by KYC Acknowledgement / Confirmation letter are liable to be rejected by the Mutual Fund and no transactions, other than redemption, will be permitted. Investors are advised to complete KYC process through KRA at the earliest.

Further, in order to ensure that the unit holder receives all communications, including redemption requests, at the new address, investors are also advised to forward any request for change of address only to same POS/ intermediaries sufficiently in advance of any transaction with the Fund House. Investors holding erstwhile MIN/ KYC Compliance Acknowledgement and who have since changed their address with Karvy are requested to approach POS /KRA and complete the process stated above. Kindly note that the Mutual Fund, the AMC or the Trustees shall not be liable in case the investor does not follow the above procedure for change of address or the earlier address continues to be in the Registrar's database. - viii. Any other such reason as decided by the AMC/ Trustee in order to protect the interest of existing investors.

The AMC reserves the right in its sole discretion to withdraw the facility of repurchase of Units temporarily or indefinitely, if the AMC, views that changing the size of the corpus further may prove detrimental to the existing Unit holders of the Scheme.

However, the suspension of repurchase/ switch either temporarily or indefinitely will be made applicable only after approval of the Boards of the AMC and Trustee. The approval from the Boards of the AMC and Trustee giving details of circumstances and justification for the proposed suspension will also be informed to SEBI in advance. An offer to purchase units is not binding on and may be rejected by AMC, unless it has been confirmed in writing by the AMC, and payment has been received.

The AMC may restrict or refuse an application for investments if it perceives that the same may have a potentially detrimental effect to the interests of the Scheme, in particular a pattern of investments that may coincide with the market timing strategy that may be detrimental to the Scheme.

Restriction on redemption in Mutual Funds:

In terms of circular SEBI/IMD/CIR No.5/126096/08 dated May 23, 2008, facility of restriction on redemption under any scheme of the mutual fund could be made only after the approval from the Board of Directors of the Asset Management Company (AMC) and the Trustees. The provisions are general in nature and do not specifically spell out the circumstances in which restriction on redemption may be applied; leading to discretionary disclosures and practices in the industry.

SEBI vide its circular no. SEBI/HO/IMD/DF2/CIR/P/2016/57 dated May 31, 2016 has laid down the criteria and the conditions in case AMC's wish to impose restrictions on redemptions.

Vide the said circular, SEBI has advised that:

- 1) Restriction may be imposed when there are circumstances leading to a systemic crisis or event that severely constricts market liquidity or the efficient functioning of markets such as:
 - i. Liquidity issues
 - ii. Market failures, exchange closures and/or
 - iii. Operational issues
- 2) Restriction on redemption may be imposed for a specified period of time not exceeding 10 working days in any 90 days period.

If restriction on redemption is imposed by JM Financial Asset Management Limited (JMF AMC) in future, JMF AMC, in addition to the above requirements, will ensure the following:

 - a. Redemption requests upto Rs. 2 lakh shall not be subject to such restriction.

b. Where redemption requests are above Rs. 2 lakh, JMF AMC shall redeem the first Rs. 2 lakh without such restriction and remaining part over and above Rs. 2 lakh, shall be subject to restriction, as may be imposed.

POSSIBLE DEFERRAL OF REDEMPTION/REPURCHASE REQUESTS

The Fund will endeavour to ensure that the Scheme has sufficient liquidity to enable the repurchase cheques to be collected/dispatched within the deadline stated in the foregoing clause. However where the Scheme is obliged to arrange for the disposal of the underlying securities/ borrow, in order to satisfy redemption/repurchase requests, unit holders may experience some delays in receiving repurchase cheques, reflecting the time involved in settling the underlying sales of securities/borrowing. However the Fund will ensure that the collection/dispatch of repurchase cheques is not delayed beyond ten business days (when the Fund is open for business) from the date of receipt of the repurchase request in accordance with Regulation 53(b) of the Regulations.

AMOUNT SET-OFF

The AMC reserves the right to debit / set-off dividend amounts, redemption amounts or any other amounts payable under the Scheme against redemption proceeds which have been paid by the Fund / AMC in lieu of units created without realization of the subscription amounts and/ or against any excess payments made to such investor under the Scheme or under any other scheme of the Fund managed by the AMC in the same folio or any other folio in the Fund. In case of redemption amounts/ excess payments made by cheques and/or by way of direct credit or by any payment instrument/mechanism, the set-off would be done by the AMC / Fund whether the cheques have been encashed or not.

Further to the provisions of Section 138 of the Negotiable Instruments Act, 1881, where a cheque/payment instrument drawn and given to the Fund by an unit holder / investor towards subscription amounts under this Scheme or under any other scheme of the Fund is returned by the bank unpaid and units are created without the realization of the subscription amounts, the AMC / Fund shall reserve the right to debit / set-off dividend amounts, redemption amounts or any other amounts payable under the Scheme or under any Scheme of the Fund managed by the AMC in the same folio or any other folio in the Fund, in lieu of the loss suffered by the AMC/ the Fund due to interest paid on borrowed funds / excess withdrawal of the amount and the resultant difference in NAV arising out of reversal of units so created due to non-realization of the subscription cheque/ payment instrument.

In addition to the above and further to the provisions of Section 138 of the Negotiable Instruments Act, 1881, where a cheque/ payment instrument drawn and given to the Fund by an unit holder / investor towards subscription amounts under this Scheme or under any other scheme of the Fund is returned by the bank unpaid and units are created without the realization of the subscription amounts, the AMC / Fund shall reserve the right to debit / set-off brokerage amounts, incentive amounts or any other amounts payable under the Scheme or under any Scheme of the Fund managed by the AMC in the same folio or any other folio in the Fund to the broker / distributor who has mobilized the subscription of such defaulting unit holder / investor, in lieu of the loss suffered by it due to interest paid on borrowed funds / excess withdrawal of the amount and the resultant difference in NAV arising out of reversal of units so created due to non-realization of the subscription cheque.

ALL THE FOREGOING IS WITHOUT PREJUDICE TO THE LEGAL RIGHTS AVAILABLE TO THE AMC/FUND UNDER THE NEGOTIABLE INSTRUMENTS ACT, 1881 AND ANY OTHER STATUTORY ENACTMENT IN FORCE FROM TIME TO TIME.

CLOSURE OF UNIT HOLDER'S ACCOUNT

The AMC at its sole discretion may close a unit holder's account if the value of units (represented by the units in the unit holder's account if such repurchase were to take place, valued at the applicable NAV related price) of any part of repurchase and/or Systematic Withdrawal/Switch Plan, falls below the minimum investment/balance required for each scheme (or such other amount as the AMC may decide from time to time) or where the units are not held by a unit holder in terms of SEBI guidelines.
